The following is an examiner's statement of reasons for allowance:

The IDS filed 5/31/07 along with the RCE request has been considered..

Nothing more pertinent was found in the newly cited references. Applicants' submission of a substitute specification via e-mail (to provide a clear copy as right fax copy was not as clear) is acknowledged along with cover letter stating no new matter has been added. The papers will be submitted for scanning along with allowance papers.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Below is a copy of the Examiner's Amendment submitted with allowance papers filed 2/28/07.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

1. In claim 1 (formula counting as one line) on the 14th line after
"saturated heterocyclic ring" insert - - - having only carbons as additional
ring members - - - .

2. In claim 1 delete the 15th line in its entirety, that is the phrase "R₇
forms together with R₆ a 4-7 membered saturated heterocyclic ring" .
